CANVAS: Surviving The Move Online

Importing Templates

How-to: import templates and layouts to a Subject's Canvas site.

The BEL+T team has developed a number of custom CANVAS templates that can be imported from Commons directly to subject sites. These pages provide the framework for you to set up your site navigation and pedagogical structures such as a weekly, themed or studio layouts.

1a | To access the templates locate 'Commons' on the left navigation tabs under the UoM Symbol;

2 | Search for 'ABP'

3 | Select Applicable Template (Click to View)
